

# PERFORMANCE IS MY PLUS

[www.myperformanceplus.de](http://www.myperformanceplus.de)

**CATALOG**  
2021

---

**Performance wants to know.**

**PERFORMANCE GETS YOU IN  
THE MOOD MORE THAN USUAL.**

**Performance is about  
to be victorious.**

**PERFORMANCE IS PROOF  
THAT IT IS POSSIBLE.**

**Performance enables human  
and tool to become one.**

**PERFORMANCE IS SEXY.**

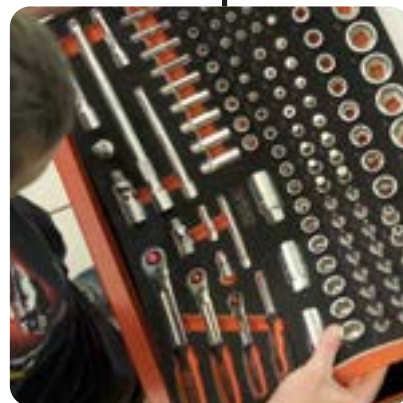

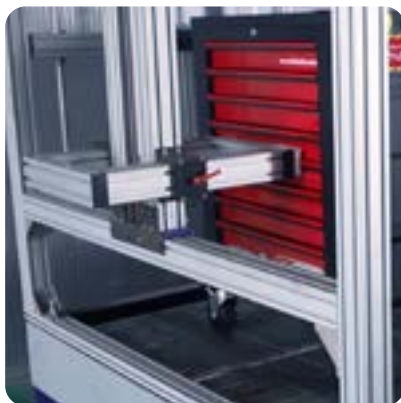

**Performance is when work  
makes you proud like  
never before.**

# WELCOME TO PERFORMANCE PLUS:

**The new premium class for  
workshop trolleys.**

# WE WANT TO REDEFINE THE WORKSHOP TROLLEY PREMIUM CLASS

Performance  
in moving images

**Our mission: The best workshop trolley for industrial, car and commercial vehicle mechanics and for individuals with the most exacting demands. We deliver more than we promise:**

**CONSTRUCTED TO  
MAXIMUM PERFECTION.**

**Manufactured to the highest quality.**

**GREATEST CONSISTENCY  
IN PRICING.**

**Non-compromising controls.**

**THREE YEARS  
INTENSIVE DEVELOPMENT.**

A yellow sports car is elevated on a blue hydraulic lift in a workshop. The car is positioned in front of a large window. To the right of the car is a red rolling toolbox with multiple drawers. The floor is made of grey tiles.

# CONSTRUCTED BY DIE-HARD PERFECTIONISTS

**Open drawer. Close drawer. Press the Duo Lock switch. Two drawers open simultaneously. Smooth as butter. No sticking, no creaking.**

The Duo Lock, which all Performance Plus are equipped with, is a good example of our construction principles. It starts with an idea which makes the world of the workshop that little bit better. Then we work on the technical

implementation of this idea until we really have achieved perfection.

Only then can the Performance Plus rating plate be added to the trolley.

*performance*  
plus

# **AN IDEA THAT MAKES THE WORLD THAT LITTLE BIT BETTER: DUO LOCK**

**Sometimes the performance lies in the detail:  
This smart innovation is the result of many years  
of manufacturing expertise and intensive  
development and is the key to greater efficiency  
in daily work.**

**UNIQUE ON THE MARKET**

**THE SMART IDEA FOR GREATER  
FLEXIBILITY IN EVERYDAY LIFE**

# 2 in 1 DUO-LOCK

**MINIMAL RISK  
OF TILTING**

**MAXIMUM ACCESS**

**MANUFACTURED  
BY RADICAL  
QUALITY FETISHISTS**

**Open drawer. Close drawer. Open drawer... didn't we just see this text a moment ago? Not quite. Because "open and close" should actually appear 30,000 times. Carried out during the endurance test on one of our test benches.**

Components that break during the test never make it into serial production. And, whatever does make it into serial production must demonstrate a consistently high level of quality at regular

intervals during random testing. At the end of the day, this is the difference between irritation and enthusiasm, between a service life of a few years or more than 20.

---

**If you opt for high-quality products, you expect the same level of quality from the service. After all, Performance Plus is just as unique as you and your work.**

**ALWAYS  
THERE FOR YOU: YOUR  
PERFORMANCE ASSISTANT**

**Your personal contact kitted out the workshop trolley of your dreams in line with your requirements and checked it over before delivery. Of course, your contact is available to you at any time to answer any questions relating to Performance Plus.**

**CERTIFIED AND CHECKED  
ALL PARTS AND TOOLS**

**Your guarantee for perfection**

**A CONTACT  
FOR ALL CONCERNS**

**Round-the-clock availability**

**KNOWS THE INS AND OUTS OF  
YOUR WORKSHOP TROLLEY**

# CALCULATED BY TOUGH COOKIES

**Our experience speaks for itself: Those very customers who invest in a quality-conscious way are the ones who also pay close attention to the price. This is where our cost accountants and purchasers come into play. Because they make every Performance Plus cost-efficient.**

They calculate, negotiate and optimise. Over and over again. The deciding factor: Out staff never – and when we say never, we mean never – accept compromises in quality and ultimately in the value that you receive as a customer. Instead, it is calculated, negotiated, and optimized again.

*performance*  
plus

It's sometimes tough and always uncomfortable. But if it makes your decision for Performance Plus easier, then it has been more than worth it.

**IT IS BETTER TO BE SAFE  
THAN SORRY.  
OUR CHECKS ARE FIRST-  
RATE.**

**Timeless design, excellent quality, perfect processing. These are our ingredients for workshop trolleys that last for generations. From the initial idea to the final check, we do everything we can to achieve the best possible performance.**

## **LONG-TERM TESTS FOR ALL CASTORS**

**Drawers tested 30,000 times at maximum load capacity**

**48 HOURS OF LONG-TERM LOAD  
TESTS FOR ALL COMPONENTS**

**100% of items checked individually**

**DELIVERED  
FULLY ASSEMBLED AND  
EQUIPPED WITH TOOLS**

A red Ferrari Formula 1 car is shown from a front-three-quarter view. The engine cover is open, revealing the internal engine components. The car is parked in a garage or workshop with a brick wall and large windows in the background. The car's body is primarily red with white racing stripes on the nose and sidepods. The engine cover has a black and red striped pattern. The car is positioned on a concrete floor.

**CHECKED  
BY NOTORIOUS  
CONTROL FREAKS**

**Your Performance Plus is just as unique as you and your work. Let's assume that the Performance Plus you configured includes 555 tools. So, how many do you receive? No, not 555.**

But rather 556. Very deliberately. And this is also the only deviation that you can expect. Because the extra item included is a test certificate. It certifies that every single one of the 555 tools selected by you has been positioned in its place correctly. The certificate might be made of paper, but it is our rock-solid proclamation of tested quality. It bears the name, signature and mobile phone

number of a member of our test team, who is personally responsible for your Performance Plus.

This 556th part is therefore your direct line to advice, action and commitment – and might just be the most valuable and powerful tool we supply you with.

“When I joined the Performance Plus construction team, I heard someone say: A job is not well done when it is finished, it is finished when it is well done. That really hits the nail on the head. And the great thing is: Everyone in the team thinks this way. Sometimes you don’t even need to say the words. What people are thinking is in the air: Hey, we can go even further! Then we draw up the plans again and end up with something much better.”

Thomas Tenga,  
**die-hard perfectionist at KS Tools**

“Dubious manufacturing tolerances are often referred to using euphemisms like “manufacture.” That’s not my thing. At KS Tools, we work with state-of-the-art machines and my ambition is to extract as much precision as possible. And then to make even more improvements. And then to improve on that again. So that we can create a premium product like Performance Plus.”

Orhan Altin,  
**radical quality fetishist at KS Tools**

“

“Tough – this is a label I can live with. Because tough is not the same as unfair. I demand a lot from our suppliers, but I never make an enemy of them. For me, Performance Plus is a product created in partnership. KS Tools, our suppliers and our customers all have one thing in com-mon: We all want to create excellence – that will stand the test of time.”

Christian Niebeling,  
**tough cookie at KS Tools**

“

“I am the last in a long line of colleagues who work on a Performance Plus. Everyone before me made such a huge effort to create a great product, which is why I give my all during assembly before the shipping box is closed. So that you can unbox the Performance Plus and get started straight away.”

Thomas Kochhafen,  
**notorious control freak at KS Tools**

# FIRST-CLASS FROM EXPERIENCE

**20,000 workshop trolleys are proof of this year for year: Longterm success only comes to those who use the best materials. We have taken this principle to the extreme with Performance Plus. The best materials and high-quality equipment ensure that you will still be enjoying your workshop trolley in many years to come.**

**THE BEST IS GOOD  
ENOUGH FOR US**

**Four steerable castors with brakes**

**BALL BEARINGS ONLY FROM  
RENOWNED MANUFACTURERS**

**Five years' warranty on all parts**

---

# **ONLY THE BEST FOR THE BEST**

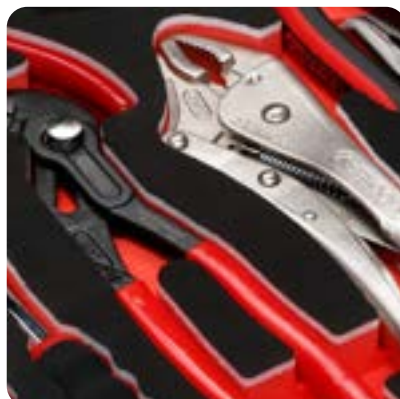

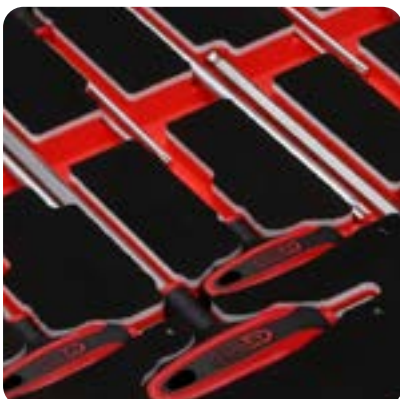

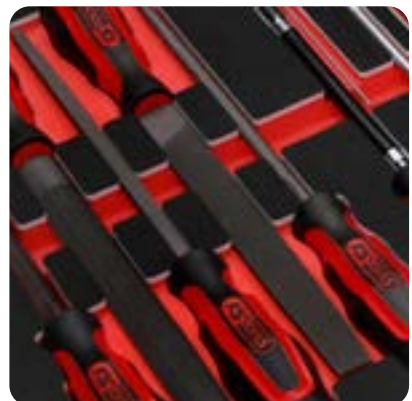

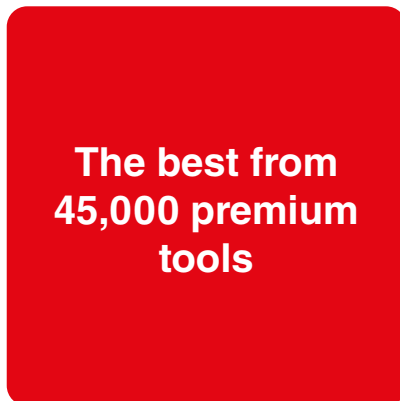

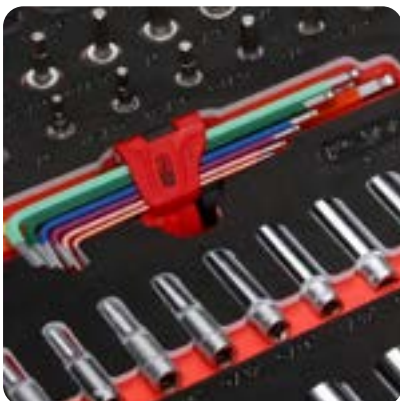

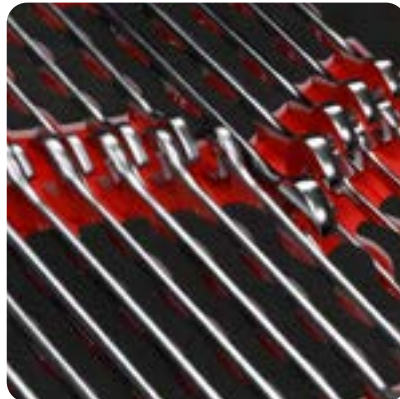

**Even the highest quality workshop trolleys are only as good as their inner values. That's why we equip every Performance Plus with the best tools from the KS TOOLS Premium range, which offers more than 45,000 items.**

**GUARANTEED QUALITY  
MADE BY KS TOOLS**

**Thoughtful compilation**

**THE RIGHT CHOICE  
FOR EVERYONE**

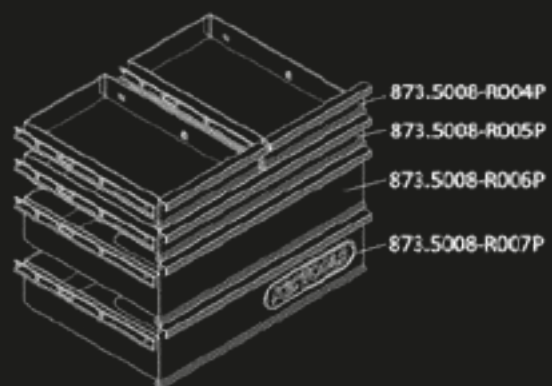

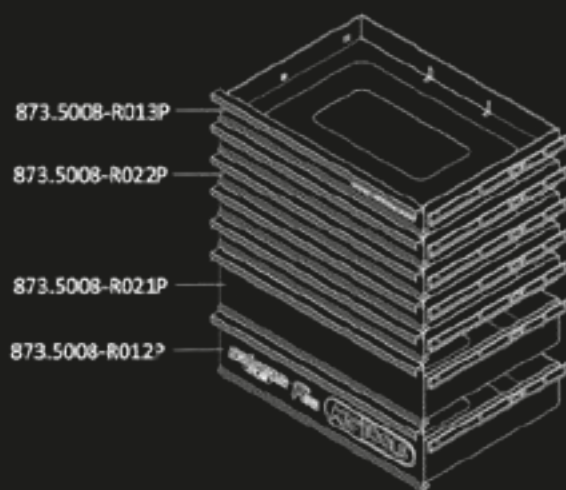

**Everything from workshop classics to special tools**

For the Performance Plus workshop trolleys to work, hundreds of individual parts need to work together in perfect harmony.

In order to ensure that your workshop trolley is just as reliable in many years as it is on the day you got it, we guarantee you that every component is interchangeable.

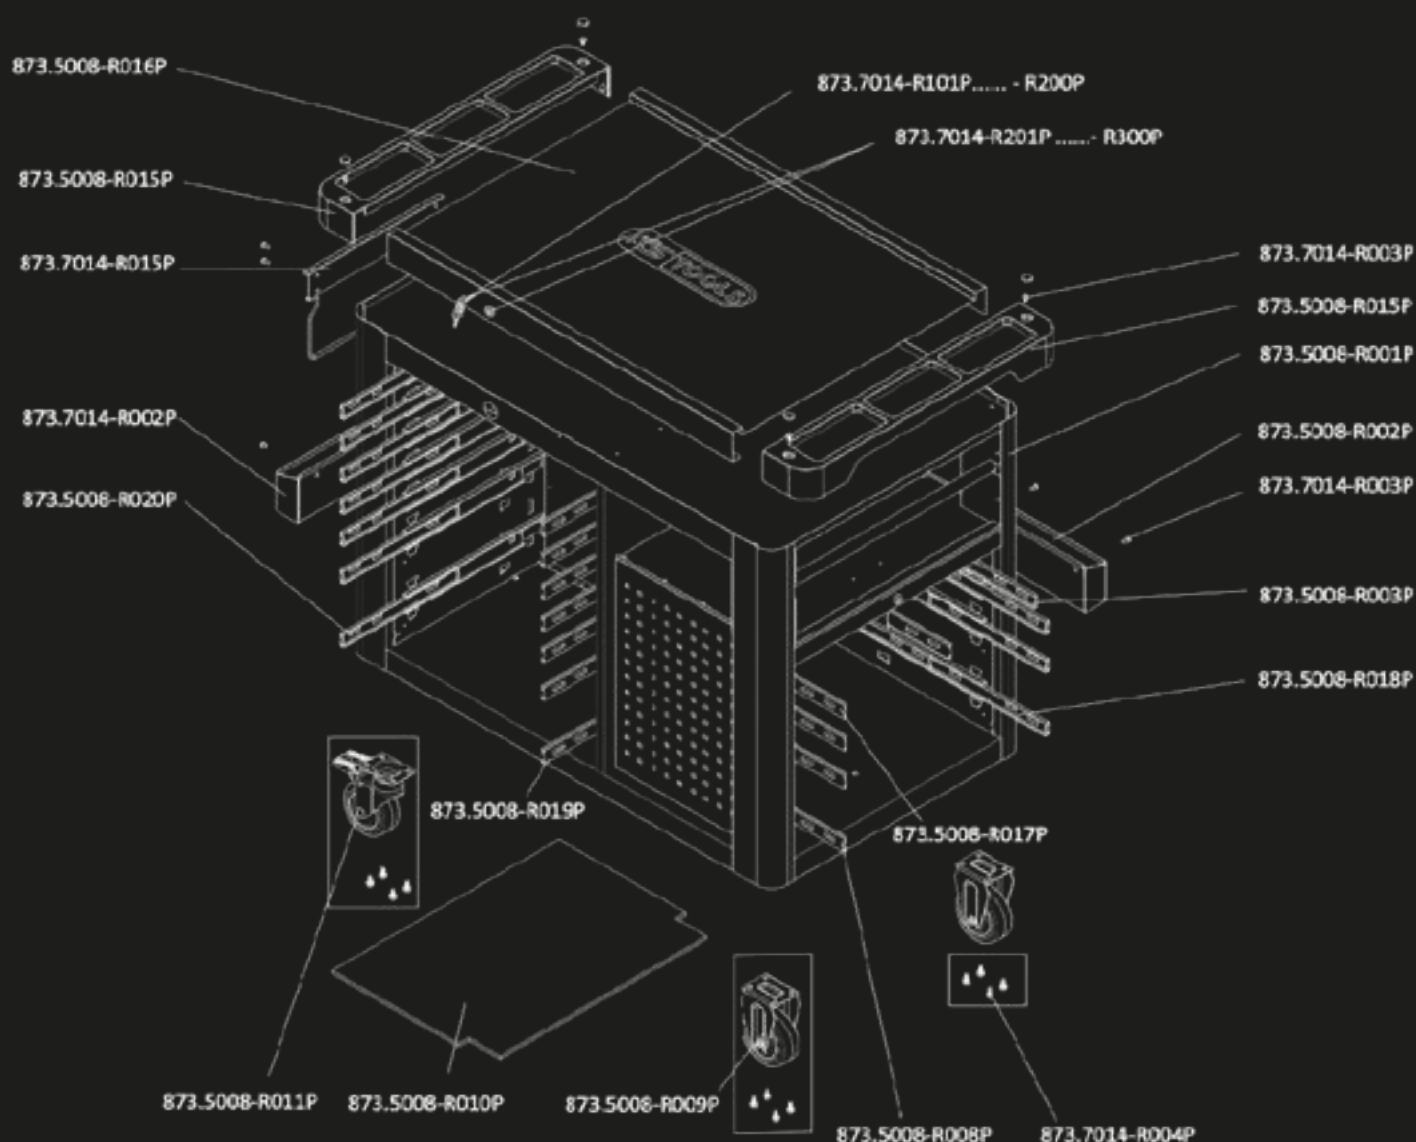

## MORE THAN THE SUM OF ITS PARTS

# AFTERSALES WARRANTY ON ALL PARTS

Easy exchange

## QUICK AVAILABILITY FOR CONTINUOUS PERFORMANCE

---

**We have designed the drawers of our Performance Plus workshop trolleys in four sizes to cater to individual design options.**

**The tool inserts are tailored to the drawer sizes based on our experience from decades of tool production.**

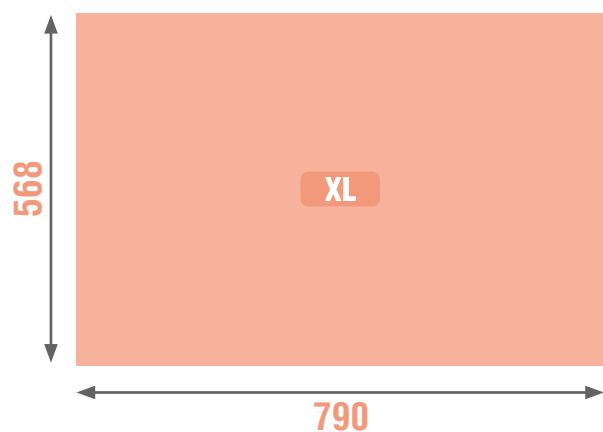

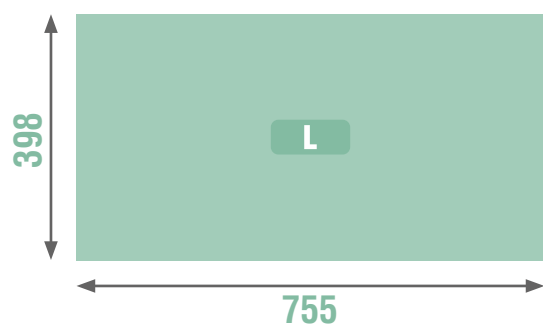

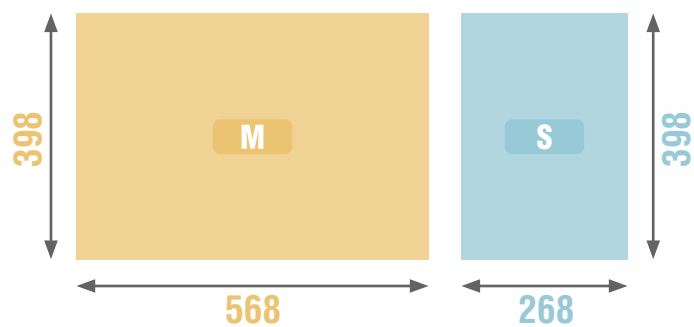

## **SUCCESSFULLY THINKING INSIDE THE BOX**

**S, M, L, XL: FOUR SIZES FOR  
A BETTER OVERVIEW**

**OVER 100 PREASSEMBLED  
TOOL INSERTS**

**The combination possibilities are  
practically endless**

---

# **READY FOR USE STRAIGHT AWAY FOR BETTER PERFORMANCE IN SERVICE**

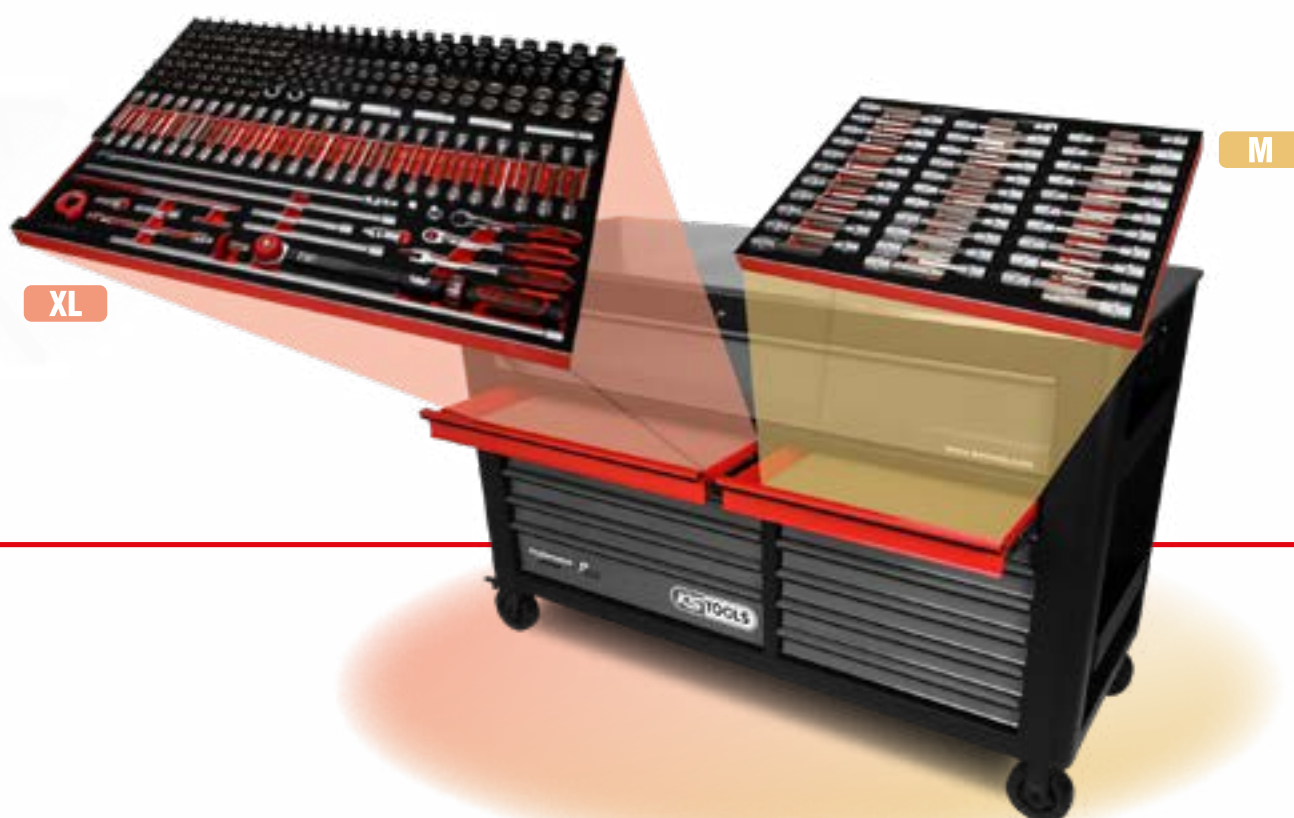

---

**Performance from the first moment:  
Every trolley is delivered not only fully  
assembled with castors attached,  
but also fully equipped with the insert  
packages you selected.**

**WELL-THOUGHT-OUT INSERT  
PACKAGES FOR ALL APPLICATIONS**

**ALREADY INSERTED  
IN YOUR TROLLEY**

---

# WHICH WORKSHOP TROLLEY IS RIGHT FOR YOU?

How big does it need to be? How many drawers should it have and which drawer size would be ideal? We have developed nine workshop trolleys for you. The most important features are displayed in the matrix below.

ALL GUARANTEED TO INCLUDE EX WORKS:  
HIGH QUALITY THAT YOU WILL CONTINUE TO  
ENJOY IN MANY YEARS TO COME

Stable **ball bearing**

**Plastic Surface**

**Lock** lockable

**Anti-static castors** with brakes

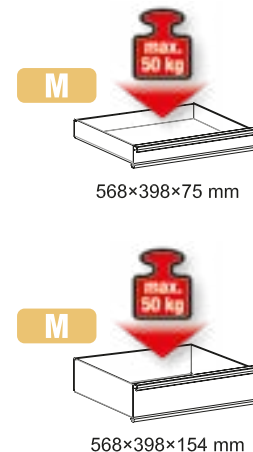

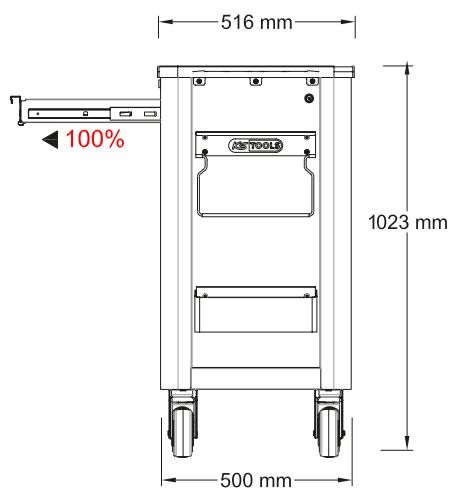

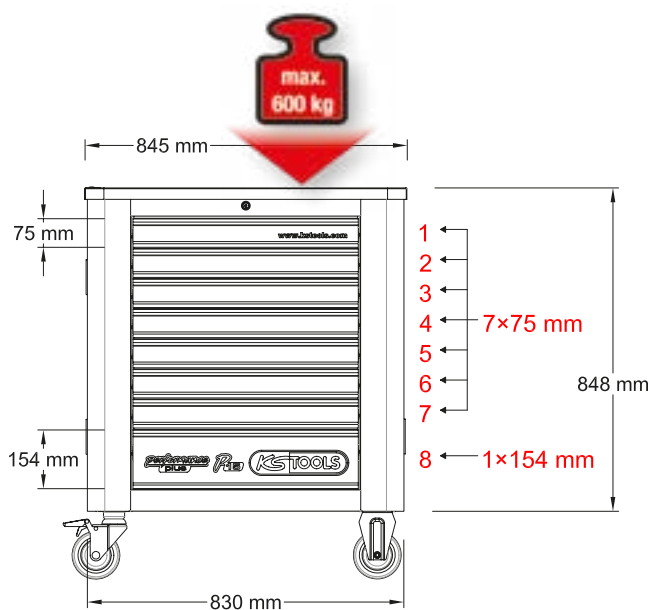

Integrated **corner protection**

**Paper roll holder** included

**Can holder** included

# JUST ONE LAST BEND AND OUR TEAM WILL SPRING INTO ACTION.

**Even though we aren't in the driving seat of a race car and there is no team order or imminent wheel changes – we are still here with you.**

Because we are there for our users. Here at KS Tools, we are a united team, with all our expertise, our passion and our responsibility for the moment when it really matters. Our mission: to provide first-class tools to front-line users. At the races on Sunday, at your company from Monday.

*performance*  
plus

# MORE WIDTH, MORE DEPTH, MORE TOOLS

# P20

## ► Performance in a package

Our insert packages contain the perfect mix of tools. Especially for the P20 from page 108

**Workshop trolley P20**  
with 8 compartments  
873.2008

**999,–<sup>EUR</sup>**

**Plastic Surface**

**Lock** lockable

**Anti-static castors** with brakes

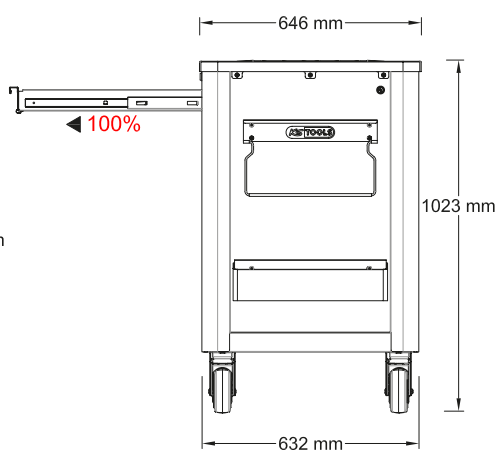

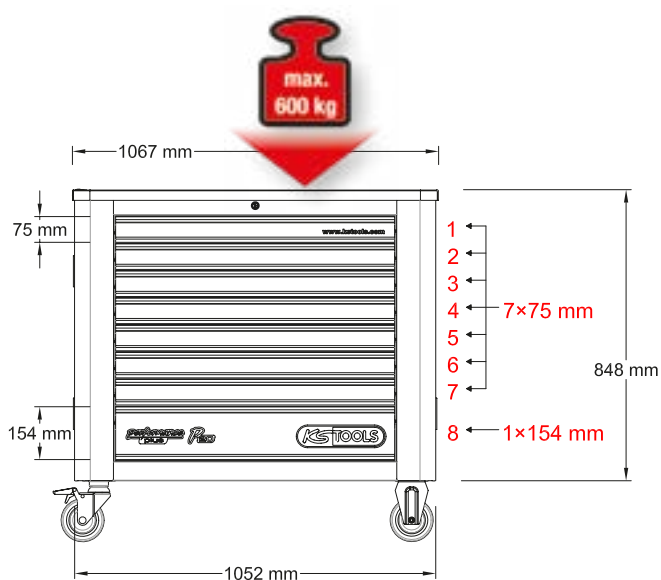

Integrated **corner protection**

**Paper roll holder** included

**Can holder** included

# GREEN LEADS, RED WINS

**It is well known that races are also won in the pits. Nerves of steel and equipment that can keep up are what matters.**

But heroes' stories of maximum performance under high pressure are not just written at Monza and Le Mans.

You can be the protagonist too. With durable precision that can be recognised by the red Performance Plus trolley.

Vorsicht GT3,  
leidenschaftliche Freude,  
präzise umgesetzt

**BORN A CLASSIC.  
WITH THE FUTURE  
IN ITS GENES.**

**A Performance Plus is the workshop trolley that lasts for generations. When they retire, some champions will say goodbye to “their” Performance Plus which had been their faithful companion since their apprentice days.**

This is exactly why each Performance Plus is given a fantastic timeless design and is exceptionally robust. And what if you lose something over the years?

You can purchase both the individual parts of the trolley and even the smallest tool without any problems at a later date. Performance Plus. A great future on small wheels.

# WANT TO GO INTO MORE DETAIL?

## ► Ready to go

Do you want the necessary tools for your P30 to already be installed in your new workshop trolley? You can find the universal insert package on page 120

# PERFORMANCE ON FOUR WHEELS IS NOT A QUESTION OF TYRE SIZE.

We have packed a lot into the small, quick wheels of our workshop trolleys:  
**powerful tools, exemplary ergonomics, a well-engineered overall design and, above all, proven durability.**

For there is one thing we have learnt from motor sport: Success only comes to those who cross the finish line quickly and without any glitches. A future on small wheels.
